SkinW!SE
Practical Exchange on Modern Psoriasis Management

Welcome!

Dear Colleagues,

We cordially invite you to **SkinWISE – the expert seminar on modern psoriasis treatment.**

The program will highlight the latest real-world evidence, provide a practical Q&A on the upcoming TARDOC implementation, and feature interactive case discussions. You can either join in person in Zurich or conveniently participate online.

Join us for an evening of relevant insights, practical exchange, and collegial discussions, followed by an apéro riche in a relaxed atmosphere for all on-site participants.

We look forward to welcoming you in Zurich or online.

Kind regards,
Your SkinWISE Faculty
